Holztech Industrial Evolution C Pod and rail CNC working center
M002080

- Year of construction 2010
- Available immediately

Technical Data

Re-conditioned machine by DB&S

Capacity X-Y-Z axis: 3200 x 1600 x 250 mm
Drill head with 19 spindles with integrated saw in X
10 HP milling motor
Tool changer with 8 positions, moving with the drill head
6 SCHMALZ crossbars
SCHMALZ vacuum cups (6 pieces 140 x 114 mm + 6 pieces 125 x 75 mm)
LED indicator for positioning beams and cups
Plate lifters
Software: TwinCam
Air conditioning in electrical cabinet
Automatic central lubrication
Vacuum pump 132 m³
Work surface divided into 2 work areas (L+R)
Safety mats for the work areas
Safety fence around the machine
Weight 5000 kg
