Format 4 Creator 950 Premium Compact CNC Drilling and Milling Center

M001345

- Year of construction 2022
- Available immediately

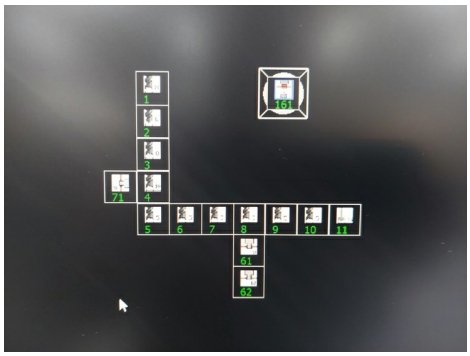

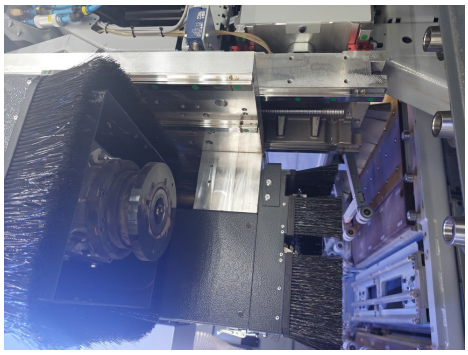

Technical Data

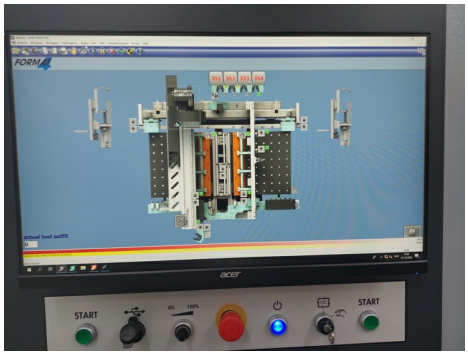

Max. workpiece dimensions 4000 x 950 x 80 mm
Top-down machining
Drill head with 11 vertical drills / 6 horizontal drills / 1 slot cutter in the X-axis
Milling spindle 12 kW - HSK-F63 with automatically height-adjustable exhaust hood
4-position linear tool changer
Dowel drilling, gluing, and insertion unit 8 mm (in X)
Workpiece transport in the X-axis via double clamps
Pneumatic roller clamping from above
Automatic length measurement (X)
2 reference stop cylinders
Air-cushion tables at the front and rear
Fold-up roller support table for long workpieces
Pick-up position
Machine status visualization via color LEDs
